

NOTICE OF DAM IMPOUNDMENT
NOTTINGHAM LAKE DAM
Nottingham, NH

Mill Pond View, LLC, owner and operator of the Nottingham Lake Dam on Mill Pond Road in Nottingham, NH has received permission from the NH Department of Environmental Services to begin impounding water at the dam on Nottingham Lake.

The outlet gate to the dam will be closed and impoundment will begin on or about Monday, **March 30, 2009**. It is anticipated that it will take two to four weeks to reach full impoundment and normal lake levels.

Abutter and users of the Lake should be aware of rising waters and ice floes, and take appropriate measures to safeguard property and personnel during this period of rising lake level.
