A Day at Nottingham School

Submitted by Michelle L. Carvalho, Principal

At first I was going to title this story, "A Typical Day at Nottingham School", however, that would somewhat diminish the fact that few days are typical; while there are similarities shared, each day is very different from the previous one.

At approximately 8 a.m., several buses roll up to the bus loop and students disembark. Some greet you with a cheery good morning, others are slowly working their way into the day. A number of parents also drop off their children at this time. As the students enter the building, they are greeted by staff and many purchase breakfast from our food service program.

By 8:10 or so, 500 students have arrived and are in their homerooms preparing for the day ahead! Over the course of the day as one strolls through the hallways or the classrooms, you might see kindergarten students writing in their journals, practicing letter formations, sound-symbol associations, understanding that letters make words. Their faces beam with pride when they finish a word, a sentence or their version of a story.

As you continue to wander, you will observe various skills or concepts that students are learning, practicing or demonstrating at each grade level. First- and second-grade students are working on spelling and writing—understanding that words can share parts (word families), third grade students practicing their facts in pursuit of automaticity. The instruction as does the discussion becomes progressively more in depth with the upper grades, but you will still see the wonder and excitement in learning something new.

Oftentimes, the best way to describe life at Nottingham School is from the view of a student. Following are some excerpts of student writing:

"A day at Nottingham School is so much fun! You have to do all your school work but you still have fun. There is recess for instance; you can play tag, swing, do the monkey bars, climb on the wall and more with your friends! During math, if you are in third grade, you do Mad Minute. That is when you take a division or multiplication timed test. We have read aloud,

when your teacher reads a story out loud and science. So you see, a day at Nottingham School can bring joy to everyone!"

"At lunch my friend was sad. I cheered her up by spilling milk!"

"I think the teachers in Nottingham School should be in the top five things because they care for us, help us and make us happy."

"I like recess because it lets my energy out."

"In my class we do a lot of things. Hatching chicks is awesome!"

Over the course of a day, Nottingham School is buzzing with over 600 people. Even with that many children and adults, it is an amazing learning place any day of the year!

Summer Institute

Submitted by Ms. Henderson and Mrs. Breslin-Dawson

This year's Summer Institute included students from both Northwood and Nottingham schools. Students explored climate change and presented their findings before two jury panels. Students enjoyed a cookout on their final day. Summer Institute, a three-week program, has been held each summer shortly after the school year ends. This year a Northern Catalpa tree was donated and planted at Nottingham School (see photo) by Black Forest Nursery in Concord in honor of the climate change topic. Some students have returned for several summers, enjoying the challenges offered by the current problem. This year's facilitators were Mrs. Breslin-Dawson and Ms. Henderson.

Friends of Baseball

by Amy Plante , with special thanks to Karen Davidson and David Jenkins for their contributions

Community spirit and volunteerism is alive and well in Nottingham. A new school board committee, The Friends of Baseball, was approved in late June. The charge for this committee is to explore the possibility of developing two new baseball fields behind the Nottingham School.

A site plan for the proposed fields was developed in December 2000, however the project was not completed as the warrant article to fund the project did not pass. The goal of the Friends of Baseball Committee is to present a proposal to the school board to develop the fields with grant monies, donations, and sponsorships.

This collaborative project brings together the community, Nottingham Youth Association (NYA) and the school board for the benefit of our children and our community. The entire town will benefit from this project as the fields will be an asset to both the school and town teams. Currently, the school and town share the ball fields at the school and community center. With the increased growth in the number of children participating in the baseball and softball programs, it has become increasingly difficult to schedule games and adequate practice time for all of the teams.

The idea for the project came about as a result of the floods over the past two years. Thanks to the generosity of Nottingham volunteers and business both within and outside of town, the fields were rebuilt in 2006 and then again in 2007. The goal of this committee is to call upon the goodwill of the many volunteers and business once more but this time put it towards fields that will not be destroyed by floods.

Committee members include Chairperson David Jenkins, NYA Baseball Coordinator, Secretary Debbie Merrick, Leigh Rohde, Carl Edin, Steve Roberts, and Chris Albert. Nottingham School Board members Joan Breault and Amy Plante sit on the committee representing the school board.

The committee is moving forward to gather input and ideas from the community regarding potential sources for materials, labor, and sponsorships. Once the data is collected, the committee will present a proposal that includes potential funding sources, project estimates, and projected timelines to the school board.

To learn more about the proposed project and/or offer your ideas, stop by the Friends of Baseball booth at Nottingham Day, Saturday, September 15.

From Anonymous to Aponovich: New Hampshire History and Art

Submitted by Rhoda Capron

Experience New Hampshire through artwork that captures the daily life and geography in the Granite State. A docent from the Currier Museum of Art, Manchester, will present an illustrated talk on Wednesday, October 10 at 7 p.m. at the Blaisdell Library. This program is free and open to all.

Fall Harvest Festival

Submitted by Rhoda Capron

Come to the Fall Harvest Festival at the Nottingham Farmers' Market on Sunday, September 9, from 1- 4 p.m. There will be music, food and animals. If you grew something this summer that you are proud of, bring it on down for our display. A bake sale will raise money for new signs for the Farmers' Market.

When All the Roads Were One-Way

From "A Guide to Officers of Towns" published in Concord in 1847, Submitted by the Nottingham Historical Society

"Every person, travelling with any carriage or other vehicle, who shall meet any other person so travelling on any highway or bridge, shall drive his vehicle to the right of the center of the travelled part of the road, so as to enable such person to pass with his carriage or vehicle without interference or interruption."

News from the Tax Man

Submitted by Bill Garnett

The Town of Nottingham purchased new tax billing software this spring. The bill format is different from the bills that have been issued in the past. The new program figures your first issue tax bill by multiplying the valuation of your property by half of last year's tax rate. The prior program multiplied your valuation by the total rate for last year and issued a bill for half that amount. New Hampshire Department of Revenue Administration allows either method to be used for first issue billing.

Just keep in mind when you get your second issue bill, which will have the 2007 tax rate on it, your first issue bill only showed **half of last year's rate**.

Also, those of you that receive the Veteran's Tax Credit have probably noticed that it only reflected half of the total credit on the first issue bill. This program will deduct the remainder of the credit from your second issue bill.

If you have any questions, please call the Tax Collector at 679-1630 or the Selectmen's Office at 679-5022 during regular office hours.

Reading Road Trip, USA

Submitted by Rhoda Capron

Thank you to everyone who sent postcards from around the country. We enjoyed reading them this summer. Every week over 80 readers came and enjoyed stories, games and crafts with Mrs. T and Rhoda. We also learned a lot about the states as we went along. The program concluded with a "Home Sweet Home" dessert smorgasbord at the Community Center.

The library staff would like to recognize our great student volunteers, Jessica Anderson, Owen Cook and Luisa King. Thank you to Demmon's Store, Liar's Paradise, Spinelli Cinema and Movie Scene for their generous donation of incentives for the children.

Story Hour Sign-ups

Submitted by Rhoda Capron

The library offers story times for children ages infant – 6 years old during the school year. Pre-registration is required and begins on September 4. Call the library at 679-8484 for more information or to register for one of the groups listed below.

Ages birth – 24 mos. Our Friday "baby" group offers an opportunity for babies and their caregivers to gather for rhymes, songs and puppets. A simple book intended for this age is generally highlighted. Each session concludes with time for parents to socialize and for children to engage in free play and toy exploration.

Age 24 mos. to 3 yrs. The Tuesday "toddler" story time offers a variety of books, songs, finger plays, and felt board activities. Every session concludes with a craft. These story times are intended for toddlers and caregivers to share. They are not meant to be family story hours, and the finger plays, songs and books are selected for a toddler's developmental level. If there are siblings, please make child care arrangements so you and your toddler can fully enjoy this special time together.

Note: It's not uncommon for 2-yr. olds and their families to welcome newborn siblings at some point during the year. We realize it can be difficult to leave a newborn in someone else's care. You are welcome to bring a newborn in an infant seat to "snooze" through the program while you participate with your toddler, but we ask you to make other arrangements by the time the baby reaches 4 months.

Age 3 – 6 yrs. Our Wednesday and Thursday story times are geared for the longer attention span of the preschool child. These 45-minute programs include stories, finger plays, songs, and puppets. Each session concludes with a craft project. Depending on the size of the group, parents may be enlisted to help out with this part of the program.

Nottingham Food Pantry

Submitted by Chelli Tennis

We are in need of volunteers in two areas.

The first one is helping at the Manchester Food Bank sorting out food they have coming in from area supermarkets. From this the Pantry receives credit where we then can go back and purchase food and personal hygiene items.

The second area is shoppers. We need two more to add to our list. This is where you go to the Manchester Food Bank and purchase items we are in need of.

Both volunteer jobs are during the day. If this is something that you might be interested in you can contact Chelli Tennis at 679-5209 for more information.

News from the Nottingham Police Department

Submitted by Chief English

A Parking Regulation was issued by the State of New Hampshire Department of Transportation. There is no parking along Stage Road, Route #152, along the westbound lane (Town Building side of road), from the bridge to Camelot Court. There are "NO PARKING" signs along the road.

Officer Donald Gates III graduated from the 143rd Police Academy on 29 June. Congratulations to Don.

Nottingham Women's Club

by Beverly Caldon

You know those ladies who sip tea from fine porcelain cups with their pinkies in the air? That's us! We'll meet on Monday, September 17 at 1:30 p.m. at the Nottingham Congregational Church on Rte. 156. Members and guests are encouraged to bring their own fine porcelain teacups to show the group. Hostesses and official tea-pourers will be Phyllis Rehill and Karin Rohrer.

The October 15 meeting at 6:30 p.m. will be held at the Mustard Seed Natural Living Center at 80 Stage Road (Rte. 152). The business, which has recently returned to Nottingham after many years in Portsmouth, features herbs, teas, natural soaps, jewelry, organics, etc., (www.MustardSeedHerbs.com). Owner and Master Herbalist Salandrea will offer a hands-on presentation and after-hours peek at every aspect of her business, including growing herbs, marketing, workshops, health and healing products, etc. This "field trip" meeting is open to prospective members, too.

We send a hearty thank-you to Debbie Meador for her enthusiastic term as vice president. Deb is getting married soon and is moving out of the area. Congratulations and best wishes from all!

We are now online, courtesy of member Joyce Dale. Click on www.thenottinghamwc.blogspot.com for our calendar, photos, scholarship information, membership, and links to other organizations in town.

Recreation Department News

Submitted by Janet Horvath, 679-3435

Stop in meet and the new assistant in the Recreation office, Taryn Barnes. Taryn started in May and jumped right into helping plan for the summer camp program. Welcome, Taryn!

It was another successful year at the Recreation Department's Summer Program which included trips to Canobie Lake and Boston's Aquarium for the older groups and the final day's trip to Water Country for everyone. Summer always passes quickly and this one was no exception. Thanks to everyone who supports us throughout the summer. The archery program was a great hit for all the participants and a terrific addition to the summer program. The growth we have seen in almost all of our offerings was also seen in the number of soccer players who showed up to play soccer with Josh, Ruari, Kirsty and Dan in the Challenger British Soccer Camp. The summer concert series brought a lot of great talent to the Nottingham bandstand-join us next year for some of the best entertainment around.

Fall brings the beginning of the soccer and the flag football programs. While practices have already begun for the older kids, plans are underway for a new toddler soccer program to start the first week of September. Call the office for more information.

Looking ahead, the Halloween party is scheduled for Saturday, October 27 from 1- 3 p.m. at the Community Center. Lots of games, crafts and candy are planned.

The annual Christmas Craft Fair is on November 17 at the elementary school. This craft fair has turned into quite an event as many crafters have already signed up and we anticipate a beautiful display of quality crafts by area craftspeople and artists. Start your Christmas shopping early right here in Nottingham!

After the busy summer, the Recreation office returns to their year-round hours of 10 a.m. to 1 p.m. We are often in the office at other times so please give us a call if you need information.

Nottingham Day

Submitted by Janet Horvath

The Nottingham Day Committee invites everyone to celebrate Nottingham Day on Saturday, September 15, 2007 with a rain date of September, September 16. Many local crafters, businesses, and organizations will be on hand in various booths selling crafts, food and/or handing out information. The day starts out with a fun run at 9 a.m. and continues with the booths, demonstrations, bouncy house and climbing wall from 10 a.m. until 4 p.m. A variety of games for all ages will be accompanied by entertainment throughout the day. Scheduled to perform: Peg & Cheryl at 11 a.m., Salt River at 1 p.m. and Truffle at 4 p.m. as the chicken barbeque begins. Help support the future of Nottingham Day by taking a chance on the kayak to be raffled near the end of the festivities. Also, there will be a silent auction and we are still accepting donations. Contribute to the Community Weaving Project as all residents are invited to bring fabric to be woven in a weaving that will be displayed in the Community Center after the event. This project needs your participation: add your fabric into weaving, sign the frame and become a part of Nottingham's history.

Sponsor forms and registration forms are available on line at www.nottingham-nh.gov. For more information call the Nottingham Recreation Department at 679-3435.

Pawtuckaway Piecers Quilt Guild

Submitted by Mary Markham

Calling all quilters! We still have room in our Guild for new members. Beginners, intermediates or experts are all welcome. We meet the second Tuesday of every month at the Blaisdell Library. This year our group has made a lovely quilt to raffle. The proceeds will benefit our Guild and help us continue our yearly Scholarship Program. Please stop by, purchase your tickets and see the beautiful quilt at our booth on Saturday, September 15 at Nottingham Day. We will also be presenting a number of quilts, made by the members, to the Nottingham Fire and Rescue Department that day. There will be a display of the Guild's quilts at the library September 11--29. For more information please call; Mary Markham, 895-6482; Linda Bevins, 942-8320; Sarah Ramsey, 942-5525; or Pam Turcotte, 475-1794.

Conservation Commission News

Submitted by Susan P. Mooney

Conservation Commission (CC) members have been busy this summer. In July, properties in the Route 4 Highlands housing development that hold Conservation Easement Deed Restrictions were inspected. These protected areas were established during site development to insure minimum negative impact on the abutting prime wetlands and the Little River watershed. The Town of Nottingham holds the Highland Conservation Easements and they are monitored periodically to protect these natural resources.

In August, inspections of additional conservation easement properties were conducted, including the Mendums Landing Homeowners Association easement property and the Gerrior Drive housing development both located on the north side of Route 4. The Conservation Easements for the Brook Crossing housing development, located on Route 4 to the east of Highlands, is held by the Rockingham County Conservation District (RCCD) and they are responsible for easement monitoring.

Whether or not there are conservation easements on a property, what we all do can negatively impact resources "downstream". Maintain buffers near vernal pool areas and other wetlands that are chemical free: let the natural vegetation remain to provide cooling shade and erosion control, and dispose of lawn clippings, leaves, and brush fire remains away from these vulnerable natural areas. Be vigilant about invasive species that can get into wetlands and other habitats and take over, out-competing native species and thus reducing the biodiversity of these natural areas.

This is the third year that river water is being sampled at three locations in Nottingham. Data on turbidity, pH, conductance, dissolved O₂, and temperature are collected and sent to the Volunteer River Assessment Program through the Lamprey River Watershed Association. Sampling will continue through September.

The river signs that are located at most river crossings in Nottingham were initially acquired through a state Moose Plate Grant several years ago. The CC budgets for two signs per year to replace those damaged or lost due to storms and accidents. However, we are not able to keep up with the Little River and Pea Porridge Brook signs that go missing for other reasons. If you would like a sign of your own please remit \$95 to the CC so one can be ordered for you.

Please stop by the CC booth during Nottingham Day, Saturday, September 15. There will be materials and information available on a variety of conservation topics, and we always enjoy visiting with you.

The CC meets every second Monday of the month at 7 p.m. in the Town Office building unless otherwise posted. The Nottingham Natural Resources Committee is a working arm of the CC and meets every third Tuesday at 6:30 p.m. if there is "work" to do. All meetings are open to the public and because we represent the residents of Nottingham on your behalf we welcome your input.

Fire & Rescue News

Submitted by Heidi Carlson

Hose And Ladder Testing – Annual requirements for ladder and hose testing were done in July. We worked with the Seacoast Chiefs Association to do a group ladder testing. With only a few minor repairs, we have all our ladders certified.

The department budgeted for 1,000 feet of new 4" hose this year, and has thus far purchased 500 feet, which was put into service on Saturday July 28. The oldest of our 4" hose was removed, and another 500 feet tested in house with the department's new hose tester. Now that we have our own tester, a continual maintenance program will be put into place. We thank the taxpayers for this new equipment.

Brownies – Nottingham Brownie Troop 2058 presented members of the Fire Rescue Department with six teddy bears from the Build-a-Bear workshop, donated for kids we see on the ambulance who are hurt or in crisis. We were pleased to attend their year-end celebration in June and see a wonderful group of youth and their families, making a difference in the lives of others, taking on a variety of important community endeavors. We also thank the many Scout and Brownie Troops who have come to visit the station.

A very special thank you to Girl Scout Troop 2113, who considered Nottingham's public safety agencies "their heroes" and donated lots of delicious Girl Scout cookies!

New Station – Work at the new fire station is progressing well. We appreciate all the support we have seen from the community as this exciting project becomes a reality. We hope to be able to move in by late fall.

We are also beginning to work on other projects at the site that were not part of the overall budget, such as a flagpole and a firefighters public safety memorial. Anyone interested in helping with these projects should contact Heidi Carlson at NottinghamC2@comcast.net.

Outdoor Burning - Outdoor burning permits are issued on a day-to-day basis, weather conditions permitting. In general, permits are issued Monday through Saturday from 8 a.m. to 4 p.m. and Sunday and holidays from 4 to 5 p.m. at the station. Always be extremely careful with all smoking materials and be sure to extinguish any outside fire before leaving it. A buried fire is NOT considered to be extinguished.

Nottingham Day - Join in the fun of the annual Nottingham Day event on September 15! The Fire Rescue Department will sponsor the sausage cart again and will be available on site all day in case of any emergency.

Always call 911 for any fire or medical emergency, and call the station during business hours for any general questions or to get information, at 679 5666. Except for service and emergency calls, the station is manned Monday through Saturday from 8 a.m. to 4 p.m.; Sundays and holidays from 4 to 5 p.m. only.

Nottingham Fire Rescue Auxiliary (Reorganized)

Submitted by E.T. Reed/Lesley Arnold

On June 14, the reorganized Nottingham Fire Rescue Auxiliary (NFRA) held its first official meeting. The driving force behind this successful effort to revive the NFRA is Lesley Arnold. She led the discussion and encouraged all in attendance to voice opinions and ideas. Important points made by our group were that the Auxiliary volunteers exist to support the members of the Nottingham Fire/Rescue Department and the community at large in times of need. Additionally, it was made clear that membership was not limited solely to spouses of firemen and women, nor EMTs, but open to the public at large.

The purpose of the NFRA is to provide support in terms of important, but non-firefighter/EMT trained services, in order to allow the trained professionals to focus on their critical life and property preservation work. Such ancillary services as providing hot food and drinks during the winter months and cold drinks, food, and towels during the summer, allowing our Fire/Rescue members to focus on their tasks at hand. Maintaining and building community support, and providing on-scene support to the Fire/Rescue personnel during major events are two more goals of the Auxiliary.

The NFRA welcomes men and women of all ages who are interested in supporting the Fire/Rescue Department to join our group. Give as much or as little time as you can; it all helps the residents of Nottingham. The Auxiliary will be present at the Fire/Rescue booth at the Nottingham Day Celebration. For information about NFRA prior to Nottingham Day, contact Lesley Arnold at 679-2445.

July 4, 2007*Submitted by Kay Kyle*

On July 4, 1995 Dave Behm decided he should do a public reading of the Declaration of Independence. He did so from the porch of Demmons' Store. There were six people there to hear it. Sadly, Dave passed away in December of 2006 but his legacy lives on.

Over the years the tradition has gained momentum to where more than 200 people were present this year from all over town and beyond. Dave's fellow Angel Band members provided great music and accompanied us in a lively sing-along of *This Land is Our Land*.

Skip Seaverns, Suzi Wilson, Cosmos DeMoulas and Philip LePage did a great job cooking as always and many people brought goodies. Bill Garnett supplied coffee.

Laina Cianci sang a beautiful a cappella rendition of the *Star Spangled Banner*, Judy McGann played *God Bless America* and *It's a Grand Old Flag* on trumpet and John Newman played *Amazing Grace* on the bagpipe.

Mike Ploski, our West Nottingham Postmaster, drew the (free) winning ticket for an American flag he donated and a pair of hand-painted champagne glasses by Kay Kyle.

On July 4, 2006, a member of NPR recorded Dave's spirited reading and the recording was played this year, the highlight of the celebration. Doug Cummings managed the sound system.

Thank you, Dave. We'll always remember you. A music scholarship has been established in his name. Contributions can be made to Coe-Brown Northwood Academy, attention Development Office. Jody Wilson and Mike Ploski host the annual event and we thank Officer Miguel Morales for keeping the crowd safe from ongoing traffic.

Boy Scout News*Submitted by Sue Harcourt*

Troop 167 is pleased to congratulate Matt Benham on completing the Eagle rank, boy scouting's highest achievement. As well as completing leadership, merit badge, and skill requirements, Matt organized and carried out improvements to the nature trail at the school as his Eagle project. This included cleaning up the trail, building and installing birdhouses, bathhouses, and benches along the trail, as well as building and erecting a sign at the trail's entrance near the back soccer fields. He also identified and marked many native plant species along the trail and created an info pamphlet for nature observers, teachers, and students to use as they walk the trail. Congratulations, Matt!

Fifteen Scouts and four leaders attended Hidden Valley Scout reservation this summer for one week of resident camp. The boys fished, swam, hiked, and earned badges in rifle and shotgun skills, swimming, pioneering, canoeing, camping, orienteering, communication, and woodworking to name a few. We are looking forward to attending the state Boy Scout Jamboree, a huge event at Gunstock ski area on the first weekend in October.

Scouting is open to boys age 11-17. For more information on becoming a scout or leader, please call Dan Szmyt, 895-2171, or Sue Harcourt, 679-1144, or stop by our booth on Nottingham Day.

Calling All Girls grades K-12!

Submitted by Caryn Anderson

The Girl Scouts of Swift Water Council will hold an Information Night at Nottingham School for September 11 at 6:30 p.m. in the cafeteria for girls and adults. You can investigate a variety of things when you join a troop with other girls your age or participate as an individual member.

We have many girls in grades K - 12 who would love to be Girl Scouts. We need adults to work with troops. Choose the age level you would like to work with in your community. Free leadership training is provided. For more information contact mskelly@swgirlscouts.org.

**Nottingham Congregational Christian Church
34 Raymond Road, Nottingham, 679-8519**

We are blessed to have Reverend Edward Whitman attending as Intentional Interim Pastor. Pastor Ed currently resides in Raymond with his wife Sandy. The Church is excited to have Pastor Ed until a permanent pastor is elected. Come help us welcome him while we worship the Lord.

Fall hours begin on Sunday, September 16 beginning with Children's Church at 9:30 a.m., Adult Sunday School at 10 a.m. and Worship at 11 a.m. The Church has a warm, inviting atmosphere and is welcome to all who wish to worship the Lord. The Church also hosts many other programs throughout the week.

Nottingham Community Church (Unitarian Universalist), Corner of Church St. and Rte. 156
Submitted by Gary Hume

Regular Sunday services at 10 a.m. begin September 9 with our special In-gathering Service. We extend an invitation to all who may be interested in an open congregation without doctrinal barriers to participation and membership. For information call 207-351-1984.

Thanks to all members and non-members who worked hard over the summer to prepare interior window sashes for re-glazing and mounting by The Window Doctor, a company sensitive to historic buildings.

Upcoming community events sponsored by the church include fiddle concerts at 7:30 p.m. on October 13 and 14, and the 65th Annual Harvest Supper, Saturday, October 27, 4:30 to 7 p.m.
