Volume 8, Issue 5

September/October 2006

From the Town Office

Submitted by Charlie Brown

The Deerfield Road Bridge is open to traffic; please be patient for a while longer until the work is completed. The first coat of pavement needs to be applied before the guardrails are installed. All paving around town is planned for the end of August or the beginning of September. Replacement of the Freeman Hall Bridge should begin in mid-August, with a construction period not to exceed 75 days. The Gebig Road and Devonshire Drive projects will now be the Highway Department's main areas of attention. Our Highway Department, with minimal outside support, is doing an outstanding job.

Notice / Reminder: Recycling is mandatory in Nottingham. The Selectmen wish to remind all residents of this fact. This has been the case since 1973. The Town will begin a new effort to get people to comply with all recycling practices. Additional personnel will be used to monitor compliance and to give advice on the proper methods of recycling. After a period of time (to be determined) this advisory period will end and compliance will be enforced on a much stricter basis. The more we recycle, the more the Town saves. We will be updating our handouts and policy in order to make this process as understandable as possible.

Volunteer!

Submitted by Katy Hiza

In a long held, one-of-a-kind Nottingham tradition, our town, by right of continuous service, receives much of our food pantry items for free because of the efforts of town volunteers. Won't you consider joining us at the Manchester Food Bank the second and fourth Tuesdays of each month from 6-9 p.m.? One need not commit to twice a month. Come when you can. There is carpooling available from town and students are more than welcome. Volunteering at the Food Bank is a recognized student-volunteer experience. Come enjoy sorting, packing and taste testing all variety of items that come into this large central food pantry. For more information call Katy at 679-5524.

Fall Programs at the Library

Submitted by Rhoda Capron

Now is the time to sign up for the fall story hours. This year the programs will be offered in six-week sessions. This will give everyone a chance to participate. The first session will be from September 18 to October 23. Pre-registration is required as group size is limited. To register, call the library at 679-8484.

Lap-sit story hour and playgroup (children under two):

This group meets on Fridays from 10:30 to 11:30 a.m. and consists of a short program of stories, songs and fingerplays, then free play. This program is for infants and children under two, accompanied by an adult.

Story hour for two-year-olds:

This group meets on Tuesdays from 10:30 to 11:30 a.m. Children must be two and accompanied by an adult to participate in this group. This is a time for some one-on-one activities with your two-year old. Please do not bring siblings.

Story hour for three-year-olds and older:

This program is offered both Wednesday and Thursday mornings from 10:30 to 11:30 a.m. It is an hour of stories, songs, games and crafts that children attend independently. An additional session will be added if necessary.

Pawtuckaway Piecers Guild

Submitted by Karen Delisle

The Pawtuckaway Piecers Quilt Guild will have a quilt display at the Blaisdell Library from September 10 - 17. We are anticipating many different entries and forms of quilting. Since our membership ranges from the beginner to the very experienced quilter, there should be a wide selection of projects on display. Stop by and see these unique and beautiful works of art!

Pawtuckaway Piecers meet every second Monday of the month at the Blaisdell Library from 7 to 9 p.m. For more information call Karen Delisle 679-1720.

Communications from the School Board

Submitted by the Nottingham School Board

Since the last edition of the Community Newsletter, the school district received word from the New Hampshire Department of Education (DOE) that it had decided to rerun 2006 Adequate Yearly Progress (AYP) Reports. This means that all designations previously released have been withdrawn – in other words, the prior announcement that Nottingham did not make AYP is null and void. The DOE will (re) release AYP Reports for New Hampshire school districts on Monday, August 28. At that time we will learn if Nottingham School District has made AYP for the 2005-06 school year. Although the status of AYP is unknown at this time, the district has continued to analyze data from a variety of sources including NECAP and NWEA results to make decisions regarding curriculum, individual student performance/needs, and programmatic improvements.

At our July 19 meeting, the School Board approved the draft Wellness Policy for posting. All drafted policies are posted for a period of 30 days to provide the community with the opportunity to submit their input regarding the content of the drafted policy. The Wellness Policy, a federal requirement, was instituted in response to national research indicating increased levels of poor nutrition, lack of physical activity, and increased obesity in children. Each of these factors impact children's health, fitness levels, and academic achievement. The Board would like to take this opportunity to publicly thank the school staff and community members who have worked on this policy over the past year. Their collective efforts have allowed the district to meet the federal government requirement that each school district have a wellness policy in place at the start of the 2006 school year and allow the district to move forward developing initiatives related to nutrition education, physical activity, and other wellness-promoting activities.

The School Board has instituted a couple of changes to the format of board meetings that will allow the Board to work more efficiently in meeting their responsibilities to the school district. As of August, the first meeting of each month will be designated a "workshop" session, with the second meeting the more traditional business meeting. In addition to changes to the organization of the meetings, the Board has agreed to modify the current agenda format to provide more specific information regarding issues, topics, etc. before the Board. By having a more detailed school board meeting agenda, members of the community will know specifically those topics to be addressed by the Board at school board meetings.

Recognizing that we live in a web based era, the Board is pursuing changes to the School Board page of the Nottingham School web site. Currently, School Board information is contained under the Administration menu. Plans are underway to have a separate menu for the School Board. This should make it easier to locate Board information (agenda, policies, notices, minutes, etc.). In addition, the Board is pursuing avenues to increase the timeliness in which information is posted on the web site.

Dr. Susan Auerbach presented her report from the Community Forum (June 1, 2006) to the Nottingham School Board on July 19. In her report, Dr. Auerbach made five recommendations. The key points include:

1. The Board consider establishing an ad hoc committee to advise it on issues of community relations.
2. The Board conduct a survey to learn more about how Nottingham residents feel about issues of importance to the school district.
3. The Board make every attempt to share as much information as possible about the school district, student performance, fiscal issues and any other data that might be of interest as a means to address trust issues some members of the community have with the Board as a group and as individuals.
4. The Board consult with Ted Comstock, Executive Director of the New Hampshire School Boards Association regarding viable alternatives to the current contract structure.
5. Once a contract is developed and prior to the vote, the Board distribute specific information to the community and provide opportunity for citizens to engage in dialogue about the contract.

Copies of Dr. Auerbach's report are available at Town Hall, the Blaisdell Library, Demmons, Liar's and the Nottingham School.

The Board is moving forward with Dr. Auerbach's recommendations, in particular establishing an ad hoc committee and conducting a survey. The Board is in the process of establishing an ad hoc committee. The Committee composition will include 5-6 individuals who represent the following categories: parent, resident without children, retired resident, business owner, educator, and board member. The first meeting of the committee, an organizational meeting, is scheduled for 7 p.m. on September 27. Residents interested in serving on the committee should contact the SAU at 942.1290 by Friday, September 15. Additionally, the Board is in the preliminary stages of gathering information and deciding on a means to survey the community.

School Board, continued from page 2

The Nottingham School Board met with Board of Selectmen on Monday, July 10. The Board's overarching goal for this meeting was to begin to have consistent, ongoing communication between the two boards. During the meeting the School Board shared concerns from constituents regarding the March 2006 election, specifically the use of the electronic ballot machine and extending voting hours. The other topic of discussion was growth and ways in which both boards can share demographic and population projections. The two boards agreed to meet quarterly; the next meeting will take place in October.

Upcoming Board priorities include finalizing and distributing Board Goals for the 2006-07 school year, returning to the bargaining table in early September and budget preparation for the 2007-08 school budget.

By the time this edition of the Community Newsletter arrives, the new school year will have begun. The Board wishes all Nottingham students, staff, and volunteers all the best as they return to the classroom. We look forward to a successful, productive 2006-07 school year.

The Nottingham School Board meets at 7 p.m. the first and third Wednesday of each month at the school library. Meetings are cablecast on Channel 22. Written comments may be sent to the Nottingham School Board at 569 1st Turnpike Rd., Northwood, 03261 or via the board's e-mail: nottinghamsb@nhsau44.org.

For additional information concerning Board activity, visit the school web site at www.Nottingham.k12.nh.us. Board information is presently located under the Administration menu.

WANTED

Driver/Companion to take elderly woman to visit with her husband and attend Christian Church Services with them at Dover Rehabilitation & Living Center on Sunday afternoons. Nottingham Fire and Rescue

Submitted by Ed Pigott

The recent rash of thunderstorms and this spring's flooding remind us of some of the dangers of weather-related events and the precautions you can take to help protect yourself. Stay away from downed power lines and any trees that are touching power lines. Assume all wires, even cable and telephone wires, to be dangerous. Keep a supply of drinking water, essential medications, and some non-perishable foods in your home in the event of an extended power outage or other event that restricts your ability to travel. When weather watches are issued, heighten your awareness of the weather. If warnings are issued, follow the recommendations to shelter or evacuate as described in the warning.

We will be hosting the Sausage Cart again this year at Nottingham Day and will also be offering hamburgers and hotdogs. Hope to see you there.

The Nottingham Fire and Rescue annual picnic on July 9 was a great success with wonderful food, lots of family attending, and a softball game that was only slightly delayed by the possible house fire call we received.

Seats are available in an Emergency Medical Technician Basic Course at the Nottingham Fire Station this fall. The course will be held Tuesdays and Thursdays from 6-10 p.m. with some Saturdays, starting September 14. Tuition includes: course, books, equipment, and initial testing fees. Completion of this program and testing enables licensure as an ambulance attendant. For information call 679-5666.

Good Beginnings of West Nottingham

is a licensed family day care now accepting

Nottingham Conservation Commission News

Submitted by Susan P. Mooney

Please stop by the Conservation Commission booth on Nottingham Day. There will be a variety of materials available to our visitors. The Four Generals' Greenway initiative will be the overarching theme. This is a completely voluntary participation for landowners to acknowledge and use their properties in ways that preserve open space, provide wildlife habitat, protect natural resources and contribute to the rural quality of Nottingham. Maps prepared by the Strafford Regional Planning Commission will be available that show how unfragmented/undeveloped large blocks of land encompass the sub-watersheds in Nottingham and also how these Greenway pieces extend into the state park and into neighboring communities. The updated maps will also indicate properties that are permanently conserved into parkland or easement. April Bacon designed a Four Generals' Greenway medallion that would be affixed to a property boundary as a modest announcement that you are participating in the Greenway initiative at a commitment level that is presently comfortable for you.

The Conservation Commission will also have materials available from the Forest Society about the Mulligan Forest Easement. At March Town Meeting the townspeople voted 96% in favor of bonding our share of this 2000+ acre easement purchase. The Fernald family continues to own and use the land but the easement guarantees that the parcel will never be developed. The Forest Society was also awarded LCHIP money that is made available from the State of New Hampshire to help fund historical and conservation projects such as this one. The Forest Society still needs to raise additional funds to complete the easement purchase and would be grateful for tax-deductible contributions.

We will also have Bear-Paw Regional Greenways information at our booth. Bear-Paw is our local conservation trust, a non-profit group that includes seven towns, that provides outreach programs and activities as well as conservation easement assistance. The new Bacon easement was made possible through the resources available at Bear-Paw.

The Conservation Commission has been meeting with several municipal groups and town employees on matters of common interest: the Planning Board about revisiting zoning regulations that would allow for better protection of open space when properties are developed; the Board of Selectmen about possible changes in the way contributions are made to the Conservation Fund so to have adequate resources available for future conservation easements; the Town Manager about the

best places in Nottingham for potential commercial sites, walking areas, senior housing, etc., while maintaining our rural quality. If you have recommendations about any of these topics, please let us know.

Townspeople are participating in the Lamprey River Watershed Association (LRWA) water quality testing of the North and Little Rivers again this year. Every two weeks from May through September river water is sampled and data are submitted to the state Volunteer River Assessment Program (VRAP). The LRWA will also have a booth for Nottingham Day.

The Conservation Commission continues to respond to alleged wetland violations and to review applications for projects that impact wetlands.

Please help control invasive species, which typically move into natural areas where they grow at such a pace that the native food chain is disrupted and biodiversity is reduced. There are four plant species currently prohibited in New Hampshire (www.agr.state.nh.us). Common Reed Grass is the 10- to 14-foot-tall plant with tassels that grows in a tight cluster in wet areas. Volunteers of the Pawtuckaway Lake Improvement Association monitor for exotic Milfoil and Fanwort. These are often introduced when people empty aquariums into lake waters. Purple Loosestrife can be dug up and disposed of (in a proper way). This is the pretty purple plant that typically grows in ditches along roadways and then invades wetlands, crowding out cattails and other native species. If you have Purple Loosestrife on your property, contact Susan Mooney.

Nottingham Preschool

The Nottingham Preschool is now accepting enrollment for the 2006/2007 school year. Two different programs are available:

Three-year-olds	Tuesday and Thursday
Four-year-olds	Monday, Wednesday, Friday

School opens at 8:30 a.m. until 12 noon. Children must be potty-trained. Don't delay. Call Noreen Roy at 679-2691 for information.

Bear-Paw recycles aluminum cans for the environment and for land conservation

Submitted by Daniel Kern

Bear-Paw Regional Greenways and the Hannaford Supermarket invite you to join them in recycling aluminum cans at Hannaford's Northwood location on Route 4. Daniel Kern, Executive Director of Bear-Paw, thanks George Sevigny, Hannaford's Northwood Store Manager, and his staff for providing space for Bear-Paw's can collection trailer. Proceeds go to Bear-Paw's land protection work in Northwood and other area towns. Last year Bear-Paw collected more than \$500 from the can collection effort. For more information call 603-463-9400 or visit www.bear-paw.org.

Bear-Paw Regional Greenways is a non-profit land trust led by resident volunteers concerned about the loss of natural areas throughout the organization's seven town service area of Candia, Deerfield, Epsom, Northwood, Nottingham, Raymond and Strafford. Bear-Paw exists to safeguard important wildlife habitat and travel routes, water resources, working farms and forests, scenic vistas and recreational opportunities. The organization is committed to ensuring that the region's natural features continue to be available for future generations and is working to promote voluntary land protection through outreach, technical assistance and education. For information about how to become a member, land protection options for landowners or volunteering: P.O. Box 19, Deerfield, 03037, 603-463-9400, info@bear-paw.org, or www.bear-paw.org.

Nottingham Republican Committee Breakfast

Submitted by Jack Caldon

The Nottingham Republican Town Committee will host a breakfast for our townspeople and our area politicians. We invite you to the event on Saturday, September 23, from 8 to 10 a.m. at the Nottingham Elementary School. This is our fundraiser for the year and costs \$14 for adults and \$7 for children. Senator Judd Gregg, Senator John Sununu and Representative Jeb Bradley have been invited to speak and Representative Bradley has already accepted our invitation.

We view this not just as a fundraiser, but also as an excellent opportunity for us to hear firsthand information on current events and topics. It is important for us at the local level to feel connected, and also to be able to build grass-roots support for the goals and ideals that are important to all of us.

For information and reservations, call Mary Bonser, 679-2036; Doris Davis, 895-0360; or Jack Caldon, 895-6084.

Campers Discover "Treasure Reading"

Submitted by Suzanne Tomaszewski

More than 130 "pirates" raided the library during this summer's reading program, "Treasure Reading." Each week campers read pirate stories, participated in a craft and played pirate games. Campers also participated in an Ultimate Treasure Hunt led by Deb Humiston and sponsored by the New Hampshire State Library, the Byrne Foundation, CHILIS, and the Cogswell Trust.

At the celebration cookout, roving "pirates" from Mary Irons' drama group helped us landlubbers prepare for adventure, songs and stories performed by Steve Blunt.

Special thanks to Jessica Anderson and David Nasser for volunteering their time this summer.

Nottingham Community Universalist Church

Submitted by Dan Raymond

P.O. Box 154, Nottingham, Telephone: 603-679-8400

Our first Sunday service of the Fall season will be on September 10, at 10 a.m. Rev. Dr. Ben Fowler will conduct the service. Immediately after the service, we will have a Congregational meeting to vote to call Rev. Fowler as our permanent minister. Rev. Fowler is an ordained minister, a professor at the University of New Hampshire, a businessman and a musician. Ben has preached at our Church numerous times over the past year, and the Church Board feels very strongly that he provides us with the experience, the insight, and the ability to serve our Unitarian Universalist Church community. Please join us, and meet and talk with Ben during the coffee hour following the Church service.

The annual Harvest Supper will be held at the Church on Saturday, October 28, from 4:30 to 7 p.m., with good food, fellowship, and fine music played by local musicians. The peeling party will be held at 4:30 p.m. on Friday, October 27. Everybody is welcome to participate. Please call Valerie Hume at 679-5795 to volunteer.

Alcoholics Anonymous meets at the Church on Wednesdays at 7 p.m.

Women's Club holds evening meetings

Submitted by Beverly Caldon

Sob and wail no longer! We hear you! Every other month the Nottingham Women's Club meets on Monday nights to gently embrace the female populace unavailable during the day. The next evening meeting is October 16 at 6:30 p.m. at the Nottingham Congregational Church on Rte. 156. You may already know that the Number One Purpose of the club is to present an annual scholarship (\$1500 this year to graduating senior Kaitlin Bush!). Intangible results include camaraderie, neighborliness, town pride, smiles, and laughter. We'll be baking desserts to sell at Nottingham Day, Sept. 16. Monday, September 18 marks our next afternoon meeting, at 1:30 p.m. at the church. Call President Terry Delp for the scoop. We'd love to have you join.

Women's Club not afraid of blood

Submitted by Beverly Caldon

The Blood Drive on August 21 will be sponsored by the Nottingham Fire/Rescue Department, with help from the Nottingham Women's Club. Club members who are not afraid of blood will assist the medical personnel in recording names and dispensing snacks. This important event, open to the public, runs from 2 to 7 p.m.

Nottingham Cub Scouts Pack 167

Pack 167 has been busy this summer with Resident Camp at Camp Carpenter and Day Camp at the Raymond Sportsman's Club. The Pack had an excellent turnout at both camps and the Scouts had a blast as well as all our Leaders. In July the Pack enjoyed a Fisher Cats game with an overnight camp out on the field.

In August the Pack enjoyed the Bass Fishing Tournament with The Bubba Bassin Federation, who has sponsored our Scouts for three years. We have found and created some serious bass fishermen. Many thanks to the Federation!

In September we'll be starting our new year with another crossover at the Pack Meeting along with our annual popcorn fundraiser. This buys the scouts' awards and pays for most of the events, as well as Camp.

If you are interested in becoming a Leader or Scout it's never too late. Contact Committee Chair Cathy DeButts at cathydebutts@comcast.net.

Boy Scout Troop #167

submitted by Laurie Legard

The Nottingham Boy Scout Troop attended summer camp at Hidden Valley in Gilmanton. Two members participated in Spoke which involved planning their own hiking, biking, rock climbing and kayaking trips including two overnights away from camp. The troop will be selling coffee and sweets at Nottingham Day on September 16 as well as demonstrating some troop activities. A weekend campout is planned for October 13-15 at the Seashore Trolley Museum in Maine.

Aqua blue ribbons are popping up everywhere

Submitted by Bev Russo

What are those Blue Ribbons? You see them tied in bows around great oaks, decorating mailboxes and proudly worn on lapels in the shape of a water drop.

The Neighborhood Guardians has launched an international Blue Ribbon Campaign that is designed to heighten water awareness to all who rely on this resource. The ribbons represent the notion that we all have the right to clean plentiful water; and to achieve this goal we need to join hands with our neighbors to protect our most precious natural resource. It is a resource that the Governor himself described as finite in his recent Proclamation for New Hampshire Water Day (March 22). For information on the ribbons, who we are and how you can help protect your groundwater, visit our web site at neighborhoodguardians.org (donated by a fellow concerned citizen). You can get informed, contact us, check out our next FUNdraiser and see if your house is on our site map! Water is Life.

The Nottingham Community Newsletter is a community service and is published bimonthly and mailed to every Nottingham resident.

Deadline for the November newsletter is October 6, 2006. E-mail news to: blaisdellml@comcast.net. Be sure to include a name and contact number. Advertising size is 3.5-inches by 2-inches. Ads are \$15 for Nottingham residents, \$25 for non-residents. Digital ad copy is preferred and may be e-mailed.

The newsletter is printed by North River Printing.

The publication of this newsletter is a public service for informational purposes. The Board of Selectmen is not responsible for, nor do they endorse any articles or opinions stated in this publication.

~Submitted by the Board of Selectmen

What's In A Name?

Submitted by the Nottingham Historical Society

Freeman Hall, on the corner of Freeman Hall and Garland Roads, has long been a landmark of the north Nottingham area. Built in the mid 1800s, the hall has been the site of many activities over the years, such as a store, a post office, and as a community center where dances, graduations, Christmas parties and many other social functions took place. It is now used by the Liberty Baptist Church.

One of the oldest families in our town often had their reunions there - large gatherings of the Tuttle clan met in what, they tell us, perhaps should have been called Tuttle Hall, because of that family's long association with the structure and of the construction work done on it by Oliver Freeman Tuttle.
