### **COMPLETENESS/APPLICATION ACCEPTANCE**

- 1. All information needed to complete the application review has been submitted
  - Board should consider whether a variance is needed for the acceptance or approval of this application.
  - Will the approval of this site plan increase the intensity of use of this property?
  - Does is meet the zoning requirements for frontage?
- 2. Confirm all abutters noticed & fees paid (escrow).
- 3. Confirm signature and seal of registered surveyor, engineer or architect.
- 4. Confirm signed application received.

### STAFF TECHNICAL COMMENTS AND MEETING REVIEW HISTORY

### **Subdivision Application**

- 1. Comments on submitted waiver request:
  - a. Waiver for Article 20 section 2.4
    - i. Staff recommends approval of this waiver
- 2. Elements in need of clarification, additional information, or provision before approval:
  - a. Please include final dimensions of proposed lot 13/11 on the pages to be recorded with town and registry of deeds.
  - b. Proposed lot appears to meet 200' minimum road frontage requirement. Please confirm its exact frontage measurement.
  - c. An "existing trail" is identified on the plan set.
    - i. What is the nature of the trail? Are there easements associated with its function (Checklist section 2, item 22. J)? Will its use continue or change after the proposed subdivision?
  - d. Wetland scientist stamp and delineation criteria are missing from the plan set (Checklist section 2, item 25 b. and c.)
    - i. It is noted that a soil scientist has stamped and signed the plans.
    - ii. Please provide the missing items or request a waiver.
  - e. Please provide the locations of the proposed underground utilities (Checklist section 2, item 30)
  - f. Fire protection details are listed as provided on the application checklist (section 3, item 13.), please identify this information or add it to the plan set.
- 3. Notes changes, corrections, and additions:
  - a. n/a
