Kathie:

Thank you for your inquiry. For your information, the ZBA does not enforce the zoning ordinance or any other ordinance. We are a resource for people seeking relief from the zoning ordinance. The Selectmen are responsible for enforcement which they do through their code enforcer/building inspector, Mr. Dale Sylvia. I refer you to Mr. Sylvia, who does not work on Fridays. He is scheduled to be in his office on Monday from 8-10am. His office number is 603 679 9597.

I received a text message that was sent at 7:45 this morning from Tammy Difrancesco telling me that a (few snowmobiles) will be "sound testing" between the hours of 3:00 and 5:00 pm today. We're other abutters notified of this? Was the ZBA aware that this was happening today?

I don't feel that a text message on the morning this is taking place warrants proper notice and it certainly ruins my plans for cooking out this evening.

Could you get back to me either at 207-251-2330 or via email at [kamoxb@yahoo.com](mailto:kamoxb@yahoo.com)?

Thank you very much.

Both towns of Epping and Raymond have agreed there is no regional impact nor concerned about the noise or traffic. There should also be a letter from the Raymond fire chief on file.

There has been no traffic issues on 156 cars are moved in quickly and haven't impeded travel. The ambulances and police have full access and have been present at all events.

We live less than 800 feet from the property/pond at 110 Nottingham Road Raymond and have not been bothered by the noise or traffic and noted that none of the surrounding towns nor Nottingham have a noise ordinance so this should not be figured in your decision.

In conclusion, we urge you to vote yes on this proposed event thank you

To whom it may concern,

My name is Susan Montigny. I live at [212 Raymond road unit 4 Nottingham NH](#) aka Pawtuckaway River Condo Assoc with my husband Chris Montigny.

I am writing you today to let you know that we have no issue what so ever with the races that go on behind our house in the summer. I know units one two and three have voiced they are bothersome. I do not want those units going to the planning board saying that me being pregnant is a reason why they shouldn't have the races. (I am pregnant due in august). I run my ac and watch tv comfortably, I have also been able to take a nap while the races have taken place last summer. I am a very light sleeper. I think the races are a great way to get people outside.

What I do have an issue with is Unit 1 her name is Kathy voicing her opinion when she is a renter and does not pay taxes on this property. Same goes with Grace from unit 3 who lives with her daughter Kelly. Kelly is the unit owner.

These people do not have an issue with the large equipment being run behind the house during the week, gun practice all weekend, or when people set fireworks off they have no issue going out and watching the display. These condos are not a retirement community and if I was told correctly Nottingham does not have a noise ordinance.

We went to watch them last year with our friends and would love to go and watch them again.

Please consider allowing these races to continue.

Thank you for your time!

Susan Montigny
