Waiver Request Form

Under Subdivision Regulations 5.3- Request for Waivers, 8.1 – Waivers for Specific Plan Submission Requirements and 11.1- General Waiver Provisions

If there is more than one waiver requested, each waiver request is to be individually listed and described, as each waiver is considered individually by the Town of Nottingham Planning Board. A petition for waiver shall be submitted in writing by the applicant with the application for review. The request shall fully state the grounds for which the waiver is requested and all facts supporting this request with reference to the applicable Nottingham Subdivision Regulations article, section and paragraph. **Each waiver granted shall be listed on the approved subdivision plan which is to be recorded at the Rockingham County Registry of Deeds.**

I, Joseph Falzone Seek the following waiver to the Town of Nottingham Subdivision Regulations, Article 10 Section 10.3, for the above case submittal:

We respectfully request a waiver to the cited section that requires a formal drainage analysis for the proposed subdivision. we feel the waiver is justified as; the developers will provide stone drip edges for roof runoff infiltration of all new houses, no new roadway is proposed, and finally, all new driveways are proposed with dry (bioretention) swales to provide treatment and additional infiltration for impervious areas resulting from lot construction. The requested waiver will not be detrimental to public safety or injurious to other property as the drainage features for all lots detailed above will provide for; storm water treatment and infiltration from proposed impervious areas, does not vary from the Zoning Ordinance, and provides for protection of the existing natural resources (wetland features) on-site, and is more than adequate for the magnitude of the proposed project.

**Project Application Checklist
Nottingham Planning Board**

This checklist is intended to assist applicants in preparing a complete application for subdivision as required by the Nottingham Subdivision Regulations and must be submitted along with all subdivision applications. An applicant seeking subdivision approval shall be responsible for all requirements specified in the Nottingham Subdivision Regulations even if said requirements are omitted from this checklist.

An applicant seeking subdivision approval shall be responsible for providing all the information listed in the column below entitled "Subdivision" and should place an "x" in each box to indicate that this information has been provided. If an item is considered unnecessary for certain application the "NA" box should be marked instead, indicating "Not Applicable". Only certain checklist items are required for lot line adjustments, as noted by the applicable check boxes below.
