RE: Kennard Road driveways

Date: July 1, 2019

A formal request was made by the homeowners of the subdivided property as shown on map 11 lot 9-2 and 9-3 to the planning board to do away with the common driveway access as shown on the plan and have two separate driveway access points. I reviewed the site to verify that there were no unforeseen safety issues; that line of site is clear and both new driveways met 15.3.2 driveway design in the Town of Nottingham NH Subdivision Regulations. I found no safety concerns. Line of sight is clear and both driveways met 15.3.2 in the Subdivision Regulations. I recommend approval of the request.

Sincerely,

A handwritten signature in black ink, appearing to read "Shawn M. McLean". The signature is fluid and cursive, with a large initial "S" and "M".
