

SOLitude Lake Management  
590 Lake Street  
Shrewsbury, MA 01545

June 19, 2023

Pawtuckaway Lake Abutter,

SOLitude Lake Management has been contracted by the NH Department of Environmental Services to chemically treat portions of Pawtuckaway Lake in Nottingham, for control of non-native milfoil. Portions will be treated with the USEPA/State registered herbicide Procellacor EC (Florpyrauxifen-benzyl), EPA Registration Number 67690-80 on or about Monday, July 10, 2023, in accordance with Special Permit SP-205 issued by the NH Division of Pesticide Control.

The following temporary water use restrictions will be imposed on the day of treatment:

- No swimming for 6 hours following treatment, within 200 feet of treated areas.
- There are no drinking restrictions.
- Turf / established grass may be irrigated immediately after treatment.
- Do not use this water for any residential or non-agricultural irrigation (such as shoreline property use for irrigation of residential landscape plants and homeowner gardens, golf course irrigation, and non-residential property irrigation around business or industrial properties) until further notice or a maximum of 7 days. Treated water shall not be used for greenhouse or nursery irrigation until further notice. These restrictions apply to all intakes within 200 feet of the treatment area, and to all wells within 50 feet of shoreline that itself is within 200 feet of a treatment area. Contact Pete Beisler at SOLitude Lake Management, 590 Lake Street, Shrewsbury, MA 01545, Telephone 866-480-1271, email [NewHampshire@SolitudeLake.com](mailto:NewHampshire@SolitudeLake.com) for information on the release dates of these restrictions or for additional information on the irrigation restrictions.

The shoreline will be posted with signs warning of the temporary water use restrictions that will be imposed, immediately prior to treatment. If you have any questions concerning this treatment, contact SOLitude Lake Management using the information above.
