RE: ZBA Application-160 Old Turnpike Road

Dear Kevin,

BSC Group, Inc. (BSC) is pleased to submit this application to the ZBA for the subject property. Shea Concrete (A.K.A. Concrete Products of Londonderry) is proposing to construct a 22,250 square foot manufacturing facility at the subject property.

All dimensional setbacks will be met; however, the concrete apron will extend into the side setback a maximum of 50'. This request for a side setback variance is proposed in support being able to construct the concrete apron.

Respectfully,

**David Beati, P.E. | Survey Project Manager**

## VARIANCE REQUEST

A variance is requested from Article II Section E(2)(a)(2) of the zoning ordinance to permit:

a fifty (50) Foot setback where a one hundred (100) Foot setback is required.

SUPPORTING INFORMATION

1. Granting the variance would not be contrary to the public interest because:

Concrete apron would be of sufficient distance from street and abutters

2. If the Variance were granted, the spirit of the ordinance would be observed because:

The building is industrial in nature in an industrial zone. The apron would be beneficial for drainage purposes and fire department access.

3. Granting the variance would do substantial justice because:

The concrete apron is important to the engineering and design of the site.

4. If the variance is granted, the values of the surrounding properties would not be diminished because:

Concrete apron would be of sufficient distance from abutters and well screened.

5. Unnecessary Hardship

a. Owing to special conditions of the property that distinguish it from other properties in the area, denial of the variance would result in unnecessary hardship because:

i. No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property because:

The current operation consists of older technology for their precast concrete manufacturing operation.

The proposed facility will require the apron for drainage purposes and fire department access.

All other zoning requirements will be met with this proposal.

**-AND-**

ii. The proposed use is a reasonable one because:

The operation is industrial in nature and is located in an industrial zone.

---

---

---

B. Explain how, if the criteria in subparagraph (A) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.

---

The proposed facility will require the concrete apron to optimize the design of the building and site.

I hereby certify that I am the owner in fee or the authorized agent of the owner in fee of the property upon which this variance is sought and that all information provided by me is true under penalty of law.

The Nottingham Zoning Board strongly recommends that, before making any appeal, you become familiar with the zoning ordinance, and also with the New Hampshire Statutes TITLE LXIV, RSA Chapters 672- 677, covering planning and zoning.

### **New Hampshire Law**

New Hampshire law no longer distinguishes between a "use" or "area" variance. New Hampshire law requires the existence of unnecessary hardship for the granting of any variance, whether that is for a use not allowed in a particular zone or a deviation from a dimensional requirement.

### **APPLICATION PROCEDURE FOR ZONING BOARD OF ADJUSTMENT HEARING**

Clarification of the Zoning Ordinance and assistance in completing the application process can be obtained from the Secretary of the Zoning Board. Legal assistance should be obtained from the Applicant's personal attorney.

Correctness of information submitted is the responsibility of the Applicant.

The following must be filed with the application:

- ✓ Application fee, public notice fee, and abutter notification fee.
- ✓ An abutters list and three (3) sets of abutter mailing labels. Abutter mailing labels must include the names and legal addresses of applicant, property owner, all property owners abutting the subject parcel, including those directly across the street or stream, and anyone whose professional seal appears on the plan. Tax Map No. and Lot No. must also appear on the list for the abutting properties. **Important:** Applicant shall certify that the abutters are as indicated in the Town of Nottingham's Selectmen's Office not more than 5 days prior to day of filing the application with the Zoning Board. (SEE FORM A).
- ✓ Six (6) sets of 11"X17" plans drawn to scale which show lot location, lot size, setbacks, locations and dimensions of all structures and open spaces on the lot in question and on the adjacent lots, and ownership of adjoining lots of land. Plans do not have to be professionally drawn.
- ✓ A written description of work proposed and any dimensions pertinent to construction.
- ✓ A signed Authorization To Enter Upon Said Property form. (SEE FORM B)
- ✓ If the applicant is not the owner, a notarized Owner's Authorization for Representation form must be submitted. (SEE FORM C).

No application shall be accepted for processing until **all** of the required information is received.

### **HEARING NOTIFICATION & PROCESS**

Your hearing will be held within 30 days after submission of a complete application. You will be notified by certified mail as to time, place, and date of the public hearing. At the time of the hearing, you must present your case to the Board or must authorize a representative to appear for you. (FORM C).

### **RULES OF PROCEDURE FOR CONDUCT OF MEETINGS**

Each applicant is entitled to a hearing by a five-member Board. If, for any reason, five members are not available, the applicant(s) may elect to postpone the hearing and decision until the next meeting of the Board at which five members are present. For the benefit of those in attendance at public hearings, the Chairman will briefly explain the procedure before the hearings begin and introduce the members of the Board. The public hearing will begin with the applicant(s) and/or his/her representative presenting the petition. Then those wishing to speak in favor of the petition may do so, followed by those wishing to speak in opposition to the petition. After this, the applicant(s) and those in favor may speak in rebuttal, followed by the rebuttal of those in opposition. The debate may be closed when the Chairman deems it appropriate. All comments must be addressed to the Chair. Anyone rising to address the Chair should identify him/herself, giving his/her name and address. No one will be allowed to speak twice until all who wish to speak have been heard. Reasons will be given for all decisions of the Board and references made to the appropriate sections of the Zoning Ordinance. In the event the Board wishes to postpone making a decision, the applicant(s) will be so advised. All decisions will be announced by the Chair at the time they are made, and formal written notification will be mailed to the applicant(s) within 5 business days after the decision is rendered. In the event no one is available to present a petition to the Board at the public hearing, the petition will be automatically dismissed on the grounds that no public hearing has been held. A petition may be withdrawn by the applicant(s) by notifying the Clerk of the Board of this intention. All public hearings and Board deliberations are transcribed.
